

Press Release

New times, new concept!

New times!

LindFlora Aps has per. June 15, 2010 assumed the responsibility of purchasing and selling of small plants for the Scandinavian market from Combination BV in Holland.

Combinations BV in Holland has started cooperation with LindFlora ApS in Odense, which specializes in buying and selling small plants to professional gardeners in Europe.

Combinations BV is a long recognized small plants producer, which has existed over the past 85years, as a blissfully focused on the Dutch and German market. New times doing that, therefore, turn the sight to the north and will offer seedlings of high quality and favorable prices.

New concept! LindFlora Aps will in future be able to provide autumn and bedding plants from seed / cuttings directly from Combinations BV in Holland, where invoicing will be charge directly between the customer and Combinations BV. Quality small plants and a high level of service is the goal of a successful trade, and we hope that you will welcome this concept! ... call us and get an advantageous price for your autumn shopping or planting in 2011.
